

THE  
**ENTERLINE**  
FOUNDATION

**November 2023**

It's that time of year when we naturally focus on all the ways we are interconnected as a community. We pay more attention to the needs of others and how we can contribute to making our world more hospitable for everyone. The Enterline Foundation empowers individuals to make their own contributions – we give so they can give, they give and inspire us to keep giving, and around goes the world – a more hospitable place for all of us. We hope you will enjoy the photos below of individuals contributing in so many ways in communities across the country. The Enterline Foundation extends its thanks to these individuals and the great organizations that support them.
